Current Position

School of AI Convergence, Soongsil University, Seoul, South Korea — Mar. 2021 - Present
Assistant Professor
Principal Investigator of Human-Centered Language and Data Intelligence (HUMANE) Lab.

Research Interest

Human-Centered NLP **AI for Social Good** **Computational Social Science**

My interdisciplinary research lies at the intersection of AI/NLP, data science, and social science. I advance language-centered AI to address pressing societal challenges, particularly misinformation and social bias—issues amplified by both human behavior and generative AI systems. My work involves curating datasets, developing AI methods grounded in social data and principles, and applying them in real-world contexts.

Education

KAIST, Daejeon, South Korea — Feb. 2018
Ph.D. in Graduate School of Web Science Technology, School of Computing
- Honored thesis: Identification and analysis of key factors driving longevity in online social platforms
- Committee: Meeyoung Cha (advisor), Sung-hyon Myaeng, Sue Moon, Juyong Park, Dongman Lee

KAIST, Daejeon, South Korea — Feb. 2014
M.S. in Division of Web Science and Technology
- Advisor: Meeyoung Cha
- Thesis: Gender swapping and its effects in MMORPGs

Kwangwoon University, Seoul, South Korea — Feb. 2012
B.S. in Computer Science

Research Experiences

Postdoctoral Researcher at University of California, Los Angeles, USA — Mar. 2020 – Feb. 2021
Advisor: Jungseock Joo

Postdoctoral Researcher at Qatar Computing Research Institute, Doha, Qatar — Dec. 2018 – Jan. 2020
Advisor: Sanjay Chawla

Postdoctoral Researcher at KAIST, Daejeon, South Korea — Mar. 2018 – Oct. 2018
Advisor: Meeyoung Cha

Research Associate at Qatar Computing Research Institute, Doha, Qatar — Dec. 2016 – Aug. 2017
Advisor: Haewoon Kwak

Research Assistant at Qatar Computing Research Institute, Doha, Qatar — Feb. 2014 – Aug. 2014
Advisor: Ingmar Weber
